

COVID-19 PRACTICES

To Our Valued Customers:

We find ourselves in unprecedented times. With the ongoing spread of COVID-19 (coronavirus) and the incredible speed at which things are changing around us, we are continually adapting our operations and business to be of service to the public within the constraints of State and Federal mandates.

We are open as an essential service and available to transport customers to essential destinations. Those trips include to and from home, medical facilities, essential retail stores (grocery, hardware, etc.) and places of employment.

We are here for all your deliveries too! Need something from the store, medicine or meals? (please prepay for your products). Call for an estimate.

We are doing our part to stop the spread. You may see drivers with face masks and gloves, and even plastic partitions between rider and driver. Please be assured we are sharing best practices to help prevent the spreading of all types of illnesses with all of our Independent Contractors.

These practices include, but are not limited to:

- Wiping Down the interior of the vehicles daily
- Venting Windows to ensure good ventilation
- Using Hand Sanitizer and good hygiene practices after handling cash
- Keeping a supply of hand sanitizer and disinfectant wipes and spray on hand throughout their shifts
- Spraying the vehicle with disinfectant spray and allowing to air dry at the end of each shift.

We will continue offering our services as long as there's no further mandate from the State of Virginia or the Federal government.

All of us at **Yellow Cab of Prince William County** appreciate your business and efforts to adhere to best business practices while trying to deal with this pandemic. Please limit your travel as much as possible. Stay safe! And contact us if you have any questions.

Sincerely,

Tammy Beard
